Email 2:	
Tel:	PO Number:

I hereby give my consent for the analysis report to be sent to the following recipients (E-Mail address):

### MYCOTOXIN ANALYSIS with LC-MS/MS

- |   |                                 |
|---|---------------------------------|
| 30000895 Aflatoxine (B1, B2, G1, G2)                      | 30001247 Fumonisin (B1, B2, B3) |
| 30000895 Aflatoxin B1                                     | 30000904 Ochratoxin A (OTA)     |
| 30000897 B-Trichothecene (DON, Nivalenol, 3/15-AcetylDON) | 30000899 Deoxynivalenol (DON)   |
| 30000903 Ergotalkaloide                                   | 30000905 Zearalenone (ZON)      |
| 30000902 Fumonisine (B1, B2)                              | 30000896 A-Trichothecenes       |

### Combined Analysis:

- |  |   |
|--|---|
| 30000898 B-Trichothecene + ZON   | 30000894 Multimycotoxin analysis regulated mycotoxins (DON, ZON, Afla B1,/B2/G1/G2, OTA, FB1, FB2, T-2, HT-2)                                     |
| 30000901 DON + ZON   | 30000893 Multimycotoxin analysis (DON, ZON, Afla B1/B2/G1/G2, OTA, FB1, FB2, FB3, T-2, HT-2, DAS, Nivalenol, 3-AcDON, 15-AcDON, Sterigmatocystin) |
| 30000906 Multimycotoxin analysis 50+ (approx. 55 analytes: Aflatoxins, <i>Alternaria</i> toxins, <i>Aspergillus</i> toxins, A-/B-trichothecenes, Enniatins, Beauvericin, Ergot alkaloids, Fumonisin, <i>Fusarium</i> metabolites, OTA, <i>Penicillium</i> toxins, ZON and Metabolites) |   |

### MYCOTOXIN ANALYSIS with ELISA\*

- |                            |                               |                             |
|----------------------------|-------------------------------|-----------------------------|
| 30000781 Aflatoxin (total) | 30000918 Deoxynivalenol (DON) | 30001014 T-2 Toxin          |
| 30000907 Fumonisin (total) | 30001013 Zearalenone (ZON)    | 30000833 Ochratoxin A (OTA) |

**30000786 Moisture content\***

\* not accredited

## SAMPLE INFORMATION

Sample name	Matrix	Urgent**

These samples could possibly contain a high concentration of mycotoxins.

\*\* Express analysis, **only after consultation and for a surcharge.**

Please submit at least **300 – 500 g** of a representative sample!

Samples will only be analyzed as received. The sender/customer has to bear all risk of transport with regard to sending the samples. By sending the samples to Romer Labs, all rights and titles (including ownership) related to those samples will be transferred to Romer Labs without any compensation.
